COWS TRAINED FOR THE TEST

Jerseys at the World's Fair Are Expected to Show That They Are Superior to All Other Breeds.

The herd of Jersey cows assembled at the World's Fair at St. Louis to represent the Jersey breed in the universal dairy test has been inspected and has been pronounced in perfect condition and ready to start upon their six months' grind on a day's notice.

W. R. Spann of the Burr Oak Jersey farm, Dallas, Tex., was the inspector, and he was thorough in his work. He passed a week on the Exposition grounds, and much of the time was spent in and around the Jersey cattle barn, and the condition of each individual of the herd of forty cows was definitely ascertained.

Never was more intelligent and careful treatment lavished on animals. No athlete was ever better trained for a contest requiring the development of speed, skill and endurance than has been this herd of Jerseys. When it is known that this herd is to compete with selected herds of Holsteins, Short-horns, Brown Swiss and Devons, and the herd making the best score for the production of butter, milk and cheese is to establish the standing of the various breeds, the importance of the cows being in perfect condition may be understood.

For a solid year the Jerseys have been in constant training. Twenty-five cows will participate in the contest. Cows were selected from the best herds in the United States.

Dr. J. J. Richardson, president of the American Jersey Cattle Club, under whose auspices this entry is made, toured Europe and visited the famed Isle of Jersey, where the breed originated. He was seeking the best cows, but returned satisfied that Europe could show no cows that were better than those bred in America.

Though only twenty-five cows will participate in the test, forty cows were selected. They were assembled at Jerseyville, Ill., a year ago. This is near St. Louis, and the cattle have become acclimated. Last December they were removed to St. Louis. The cows are the property of individual members of the club and are loaned for the term of the test. C. T. Graves, a breeder at Maitland, Mo., was selected as the superintendent to have charge of the cattle, and he has been highly complimented by Dr. Richardson and Inspector Spann for the wonderfully fine condition in which he has placed the herd.

A series of model dairy barns have been built for the breeds competing in the test. The barns are octagonal in form, and are so arranged that the cows are in the center and a wide promenade permits visitors to pass around and view the cows as they stand in their stalls.

The milking and feeding are to be done in plain view of the public, and representatives of the various herds will at all times have access to all the barns to see that no sharp practices are indulged in.

The test not only consists in showing the amount of butter, milk and cheese produced, but the cost of production is taken into consideration. Every ounce of food given each cow is weighed and carefully recorded. When the cows are milked, the milk is conveyed to a model creamery in the Agricultural building, where it is tested and made into butter and cheese and where all records are carefully kept.

The Jersey cattle participated in a similar test at Chicago during the Columbian Exposition and carried off first honors.

Superintendent Graves is sanguine over the result of the present test. He says that the Jerseys have always demonstrated their superiority over all other breeds when placed in competition, and this time they will show to better advantage than ever. Not only is the Jersey milk richer in butter fat than the milk of any other breed, says Mr. Graves, but it can be produced at a less cost. The Jersey cows are the smallest of the standard breeds, and he asserts that they consume less feed. They assimilate their food, and it is converted into milk and butter and is not used in building up and sustaining a large carcass.

"We are going to make all other breeds take to the woods after this test," said Mr. Graves. "A few days ago I was testing some of our Jersey milk, and my hands were all sticky and greasy from the enormous amount of butter fat the milk contained. Mr. Von Heyne, who is in charge of the

A Living Monument.

If we were to assemble all those who have been cured of heart disease by Dr. Miles' Heart Cure, and who would to-day be in their graves had not Dr. Miles' been successful in perfecting this wonderful heart specific, they would populate a large city.

What a remarkable record—a breathing, thinking, moving monument, composed of human lives,—that for which every other earthly possession is sacrificed.

The Miles Medical Co. receive thousands of letters from these people like the following:

"I feel indebted to the Dr. Miles' Heart Cure for my life. I desire to call the attention of others suffering as I did to this remarkable remedy for the heart. For a long time I had suffered from shortness of breath after any little exertion, palpitation of the heart; and at times terrible pain in the region of the heart, so serious that I feared that I would some time drop dead upon the street. One day I read one of your circulars, and immediately went to my druggist and purchased two bottles of the Heart Cure, and took it according to directions, with the result that I am entirely cured. Since then I never miss an opportunity to recommend this remedy to my friends who have heart trouble; in fact I am a traveling advertisement for I am widely known in this locality."

J. H. BOWMAN,
Manager of Lebanon Democrat,
Nashville, Tenn.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

Holsteins, sent over a quantity of his milk for me to test. Of course, from a commercial standpoint, there was no comparison between the milk, but it was a pleasure to test his milk, for when I got through there was no grease on my hands. After this I will have a bucket of Holstein milk around handy to wash my hands in after testing our own rich Jersey milk." The test begins May 16 and continues 120 days.

Serious Accident.

What came near being a fatal accident occurred at rocky hill, near our town, last Friday afternoon. A Mrs. Johnson was thrown over an embankment with her buggy and badly bruised about the head and back. A young man by the name of Elam was driving the one-horse rig, and just before they reached rocky hill the horse began to run and he jumped out. At the brow of the hill the buggy struck an oak tree, turned to one side, and was pitched down the embankment with Mrs. Johnson. Buck Hollon, who lives nearby, hastened to the scene and found the lady apparently lifeless. But she soon revived, and with his assistance reached his house, where she was made as comfortable as possible under the circumstances. Dr. Nickell was summoned and sewed up a gash in her scalp, which was her most serious hurt. After the accident the young man told some one that he had forgotten to fasten the backing straps, so when they started down grade the buggy ran onto the horse and he ran away. The buggy was smashed to splinters, but the horse escaped injury, and was caught at Daysboro. Mrs. Johnson lives at Buffalo, W. Va., and is traveling for a picture house in Chicago selling frames, etc. She was improving nicely on Monday, and without unforeseen complications arise she will be on the road again in a few days. It was criminally carelessness on the part of the boy, and may result in a damage suit against his employer, who owned the rig.

STATE COLLEGE OF KENTUCKY, Lexington, - - Kentucky.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz: Agricultural, horticultural, chemical, biological, mathematical, physical, normal school, classical, mechanical engineering, electrical engineering, civil engineering, mining engineering, each of which extends over four years and leads to a degree. Post graduate studies are also provided, leading to a master's degree. Each course of study is organized under a separate faculty. The general faculty number nearly fifty professors and instructors. County appointees receive tuition, room rent in dormitories, fuel and light, and if they remain ten months, traveling expenses. The laboratories and museums are large, well equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a college home for young women, and \$30,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation was 750.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering and instruction in science.

The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing in any proper sense university work.

The completion of the college home for young women provides facilities for good board and lodging. It is equipped with all modern conveniences, including bath rooms and room for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to them of a thorough education in classics, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the State offers advantages for education of women at all comparable to those offered by the State College of Kentucky.

J. TAYLOR DAY SUCCESSFUL.

Induced Dr. Howard Company to Make Special Price.

After a great deal of effort and correspondence, J. Taylor Day, the popular druggist, has succeeded in getting the Dr. Howard Co. to make a special half-price introductory offer on the regular fifty cent size of their celebrated specific for the cure of constipation and dyspepsia.

This medicine is a recent discovery for the cure of all diseases of the stomach and bowels. It not only gives quick relief, but it makes permanent cures.

Dr. Howard's specific has been so successful in curing constipation, dyspepsia and all liver troubles, that J. Taylor Day is willing to return the price paid in every case where it does not give relief.

The old-fashioned idea of dosing with mineral waters, cathartic pills or harsh purgatives will soon be a thing of the past. The best physicians are prescribing Dr. Howard's specific because it really gives the desired results and on account of the small and pleasant dose that is needed.

Headaches, coated tongue, dizziness, gas on stomach, specks before the eyes, constipation, and all forms of liver and stomach trouble are soon cured by this scientific medicine.

So great is the demand for this specific that J. Taylor Day has been able to secure only a limited supply, and every one who is troubled with dyspepsia, constipation or liver trouble should call upon him at once, or send 25 cents, and get sixty doses of the best medicine ever made, on this special half-price offer, with his personal guarantee to refund the money if it does not cure.

DEMOCRATIC TICKET.

FOR PRESIDENT,

ALTON BROOKS PARKER,

OF NEW YORK.

FOR VICE PRESIDENT,

HENRY C. DAVIS,

OF WEST VIRGINIA.

FOR CONGRESS, 10th DISTRICT,

HON. FRANK A. HOPKINS,

OF FLOYD COUNTY.

The bolting Democrats are Republican candidates for office in the Louisville district, but they have no chance to win. They can neither get the support of their old political associates, nor that of their new ones. The former are glad to be rid of them, and the latter have no confidence in them.

CASTORIA.
The Kind You Have Always Bought

Chas. H. Fletcher

Dr. HUNTER's friends in the Eleventh district are being indicted for frauds in connection with the recent race for Congress. If the Doctor would tell what he knows about State politics the penitentiaries would have to be enlarged to make room for his convicted enemies within his own party.

Doesn't Respect Old Age.
It's shameful when youth fails to show proper respect for old age, but just the contrary is the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, Jaundice, Fever, Constipation, all yield to this perfect pill. 25c., at all druggists.

Vote Democratic and vote straight.

Four, and eight years ago every railroad, bank and corporation in the State was predicting eternal disaster if Bryan were elected, and incidentally dropping money into the Republican corruption fund. This year they are out of politics. Whatever the reason may be it means more Democratic votes, and while we got along very well without them in 1900, there is no need of borrowing trouble.

A Runaway Bicycle.
Terminated with an ugly cut on the leg of J. B. Orner, Franklin Grove, Ill. It developed a stubborn ulcer unyielding to doctors and remedies for four years. Then Bucklen's Arnica Salve cured. It's just as good for Burns, Scalds, Skin Eruptions and Piles. 25c., at all druggists.

THERE has never been a campaign freer from personal slander and vituperation than this one. Judge Parker set the example by his urgent insistence that no word against the character of President Roosevelt should be printed in the official text-book. Of course the partisan newspapers on both sides are predicting that the country will go to the devil in a hand-basket unless their particular choice is elected, but the candidates themselves are conducting the campaign on the highest possible plane. It is a great gain for sanity and decency.

Not a Sick Day Since.
"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of Rheumatism, Neuralgia, Liver and Kidney troubles and General Debility." This is what B. F. Baas, of Fremont, N. C., writes. Only 50c., at all druggists.

WHAT KENTUCKY WILL DO?
There is every assurance of a splendid Democratic majority in this State. The thorough work of the Campaign Committee has aroused the voters to a sense of the responsibility that rests upon them. The organization is complete in every precinct, a giant task requiring the utmost skill and patience. This effective appeal to the thousands of precinct chairmen and sub-committeemen has been supplemented by the generous advocacy of the State press. The Democratic newspapers, realizing that this is not a boodle campaign, have opened their columns freely to the list of speakers' appointment and to all other information necessary to the spread of news in a National contest. They have given columns to the dissemination of Democratic doctrine, thus equipping the voters with arguments and encouraging them to individual effort.

The Democratic orators have been particularly gracious. Many of them are busy professional men, but they have left their offices and, under the direction of the Speakers' Bureau have traveled night and day to keep engagements in remote precincts. The result of the united effort of the rank and file is a reunited party, eager to give proof of its devotion. We may not reach 40,000, and may have to be content with 20,000 majority, but whatever the figure may be let it be decisive. Kentucky is no longer a Republican State. That much is certain. The extent of its redemption will be known on November 9th, and it will depend upon the Democratic voters to set it at such a figure that never again will the party of fraud and assassination lay claim to the State.

Christ Was a Democrat.
J. F. Sommer is a preacher. At one time he was city correspondent for the Louisville Commercial. For reasons that need not be named he gave up the job, and devotes himself to going to mission fields largely for work. He is a strong temperance man now and has a good reason for it. He helped me in the Maddox precinct fight. After that he got to Olympia, the home of Col. John B. Lane, an ex-Morgan man and a Goebel Democrat of the 32d degree.

Bro. Sommer is an intense Republican. He loves to trace pedigrees or genealogies. He soon said: "Col. Lane, your mother's name was Sommer?" "Yes sah," said Lane. "As that is my name, we must be some kin," said Sommer. "No sah, not one bit of kin," replied Lane. "We spell our names the same way, S-o-m-m-e-r, and she was from Fleming county, and my name is John F., John Fleming, we must be kin," asserted Sommer. "No kin, sah! no kin at all sah," was the curt reply. "You talk like you know," said Sommer. "I do know sah," said Lane. "How do you know?" asked Sommer. "I'll tell you how, sah! Never one drop of Republican blood ever flowed in any of my ancestors' veins, that's how," said Lane. "You talk like a man can't be a Republican and be a Christian," rather warmly stated Sommer. "He can't sah! He can't be a Republican and be like Christ," hotly stated Col. Lane. "You can't prove that," was the defiant utterance of S. "I can, sah, and will, if you want me to," said Lane, with great emphasis. "Try it," said Sommer, with a dog-dare in his tone. "All right sah!" said Lane. "Didn't Jesus come to the earth on a mission?" "Of course he did," answered Sommer. "Was not His mission the greatest good to the greatest number, sah?" followed quickly from Lane. "It was," said Sommer.

Then Lane fairly shouted: "Pure Democracy, sah! Jesus was a Democrat, sah!" Sommer wilted—Rev. R. B. Neal, in Grayson Bugle.

Born, on Friday night, October 28th, to the wife of George Brooks, of Stillwater, twin girls, and they look as like as two black-eyed peas. Uncle Rastus stayed with George on Monday night. Don't forget the old man with the fish on his back.

For nearly thirty years he has been traveling around the world, and is still traveling, bringing health and comfort wherever he goes.

To the consumptive he brings the strength and flesh he so much needs.

To all weak and sickly children he gives rich and strengthening food.

To thin and pale persons he gives new firm flesh and rich red blood.

Children who first saw the old man with the fish are now grown up and have children of their own.

He stands for Scott's Emulsion of pure cod liver oil—a delightful food and a natural tonic for children, for old folks and for all who need flesh and strength.

Al Cox, of Morgan county, had his barn burned last week, in which was a pair of fine mules, a good farm wagon, a lot of corn, loft full of millet hay, etc., all of which was consumed. It was the work of an incendiary who is unknown, but suspicion points to a party that may be pulled for the crime.

As we go to press the news comes that Capt. W. H. Hurst's barn at Campton was destroyed last night by fire, supposed to be the work of an incendiary. Besides a loft full of hay two horses, the property of Alf Kash and Lish Chambers, respectively, were destroyed. Nothing said about insurance, but we will give full particulars in our next issue.

Several loads of pipe for the gas mains have been scattered along the line between the well and town, and it will probably all be distributed and connected before the end of the week. The convenience of this gas as a fuel and for illuminating purposes is beyond conception, and as soon as our people once use it they would not be without it for any consideration. By the 15th of the month it will be in use by many of our citizens.

Elijah Patrick, of Burning Fork, Magoffin county, was the guest of John Ward last Saturday, being en route to Maytown to visit his brother, Alex. Patrick, who is critically ill. On Sunday he visited the graveyard here, and pointed out the grave of Aunt Nellie Trimble, which he said he and a companion used as a pillow 43 years ago in about the same week of October. He was acting as a pilot for Nelson's army at the time, and the next morning when they arose he remarked to his companion that they had "arisen from the dead." He also visited the graves of McKinley Cockrell and family, old Uncle Solomon Cox, the late James Tom Peiratt and others, friends of the past and gone, and seemed very much affected. He is now 76 years of age, and has led a strenuous life, especially during the Civil War, in which he took a very active part.

Try for Health

223 South Peoria St.
CHICAGO, ILL., Oct. 7, 1902.

Eight months ago I was so ill that I was compelled to lie or sit down nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.

Serges Dunder

Don't you want freedom from pain? Take Wine of Cardui and make one supreme effort to be well. You do not need to be a weak, helpless sufferer. You can have a woman's health and do a woman's work in life. Why not secure a bottle of Wine of Cardui from your druggist today?

The farmers are gathering corn in this section now.

Mrs. Maggie Arnett is visiting her sister, Mrs. Lula Rose.

J. R. Terrell and A. R. Graham were here Thursday on business.

Martin Hensley's child died at 9 o'clock last Sunday morning.

Our town officers have resigned, and we have none until new ones are appointed or elected.

Mrs. John T. Graham returned last week from Jeffersonville, where she had been to visit Laura Hollon.

D. C. Miller and wife visited Mr. and Mrs. Cecil the latter part of last week. It was the first time that Mr. Miller has been out since he has gotten well.

James A. Rose and wife were in our town Saturday on business. James wants to know who is for John W. Taulbee for Superintendent, and if not, why not?

Cleveland Allen and James H. Dunn made a flying trip to Stillwater last Saturday. Mr. Allen is our school teacher here, and so far has taught a splendid school.

J. Mat Stone was in town Friday, and informs us that he will move here in a few days. He intends running a barber shop, and is the best barber we ever had.

The Lee City Lumber Co., composed of H. E. Willis, and James Reynolds, are doing some splendid sawing now. They have a contract of sawing three hundred thousand feet for C. F. Garanger.

There was a good deal of electioneering here Saturday, and several of the boys got pretty funny. The only candidate in town, though, except C. B. Allen, was Thrasher Combs.

We are sorry that Breck Little is no longer a candidate for Jailer, because we were all for him. Since he has drawn off we hardly know who to look to, as we had our minds made up. I think, though, it has strengthened W. G. Halsey, if the people vote as they talk.

Our deputy sheriff, Floyd Arnett, sold a typewriter belonging to E. P. Hobbs to the highest bidder here Saturday, J. B. Little being the only bidder. He got the machine for \$47. The machine was sold to satisfy a debt which Little claimed Hobbs owed him.

Oct. 31. RED JACKET.

Disastrous Wrecks.

Carelessness is responsible for many a railway wreck, and the same causes are making human wrecks of sufferers from Throat and Lung trouble. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured, and hopeless resignation is no longer necessary. Mrs. Lois Cragg, of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung diseases by all druggists. Price 50c. and \$1.00. Trial bottles free.
